

**Newsletter of the  
Garden Club U3A Tawa  
July 2022**

Hello fellow Gardeners

Hope you are well and staying warm and dry this winter. I haven't heard of any of the group catching COVID-19, so I take it that everyone is good plus we trust Helen & Gil are back up and running, well maybe walking.

For our **July meeting** we had Helen & Gil Roper talking and showing their wonderful photos of a trip to the Butchart Gardens on Vancouver Island. Many thanks Helen & Gil for sharing your photos and fascinating talk.

**For our 5<sup>th</sup> August meeting** we are indoors and have Linda Hansen talking about plants as medicine. Linda Hansen's first memories are of gardening. She's created gardens wherever she's lived, developed two lifestyle orchards, and helped create several more. She regularly uses plants as medicine and is writing a book on the subject. See [www.lphansen.com](http://www.lphansen.com)

She'll share some ideas about simple remedies that work and also speak about plant protection.

**2<sup>nd</sup> September** still looking for a speaker or an outing?

**7<sup>th</sup> October 10 am at 34 St Johns Tce, Tawa**

I have booked in, Carolyn Campbell's garden tour, who recently had a wonderful article in the NZ Gardener.

Carolyn will give us a tour of her garden and talk followed by morning tea in her garden. There is a charge of \$15 pp with a minimum of 10 people in a group.

Morning tea consists of tea, coffee, cold drinks, Devonshire teas and a gf option.

I have booked us in so let's get a group of at least 20.

Please let me know by 28 September that you wish to do this visit.

Look forward to seeing everyone on the **5 August** at 9 30am, Emmaus Centre.
